

## BPA Energy Efficiency Weekly Announcements February 11, 2021

### Events

#### **Get a brain workout with the Trade Ally Network NW 2021 webinar series**

Learn the best tips from the top coaches in the field with the [2021 webinar series](#) from Trade Ally Network NW. Designed to help increase professional flexibility and strength, sessions are for HVAC and lighting trade allies, and include cross-training opportunities.

View the [2021 class list](#) and click on the register link to reserve your spot today!

---

### Reminders

#### **Survey: Provide your input on the Northwest Ductless Heat Pump Project's Going Ductless resources**

Over the next year, Northwest Energy Efficiency Alliance, or NEEA, anticipates retiring [GoingDuctless.com](#) and many ductless heat pump resources. To ensure you have access to valuable information about your programs, NEEA requests feedback on existing NW Ductless Heat Pump Project resources.

To provide your input, please take a few minutes to complete this [short ductless heat pump survey](#) and return it to Suzi Asmus at [sasmus@neea.org](mailto:sasmus@neea.org) by March 1, 2021. If you have any questions, please reach out to Suzi via email or at 503-688-5407.
